

SAINT ALOYSIUS CATHOLIC SCHOOL

Grades K-2 Acceptable Use Agreement 2022 - 2023 School Year

St. Aloysius School believes that all students should have access to technology when they act in a responsible, efficient, courteous, and legal manner. Internet access and other online services available to students and teachers offer a multitude of global resources. Our goal in providing these services is to enhance the educational development of our students. This use of technology is a privilege and may be revoked if misused.

Acceptable uses of technology are devoted to activities that support teaching and learning. There is material on the Internet that may be objectionable. St. Aloysius does have blocking technology in place; however, no program can prevent all objectionable material. Teachers monitor and supervise students to the best of their ability; however, parents should also set and convey standards for their child to follow when viewing resources on the Internet or using school technology. Students will be held responsible for any misuse of technology or any vandalism that may occur. Whenever there is any doubt regarding the use of technology, always ask the teacher or administrator.
